CIRCULAR

To,
The Principals of all Affiliated Colleges,
JNTUH.

There is a huge demand in the IT industry for Associate Analytics & Security Analyst jobs for engineering graduates. To meet the above demand, a Tripartite MOU has been signed by JNTUH with NASSCOM& TASK. By considering the above MOU, JNTUH has incorporated six elective courses in 3-2, 4-1 and 4-2 semesters of B.Tech Curriculum of CSE & IT students to suit for the Job roles of Associate Analytics & Security Analyst. In this context, Master Training Programs at three phases have been conducted in Nov-2015, Jun-2016 and in Nov-2016 for both the courses "Associate Analytics" and "Security Analyst" by NASCOMM AND JNTUH together at School of Information Technology, JNTU-Hyderabad. They trained faculty members from various constituent and affiliated engineering colleges of JNTUH. These faculty members are now training the students in their respective colleges.

In order to give continuous support to students those who have selected these electives, JNTUH has launched a portal with URL, name **http://jntuhsd.in//index.php.** This portal is exclusively designed for sharing course material for both the job roles **"Associate Analytics & Security Analyst".** The course content is provided unit-wise for all 5 units in each subject.

Subjects in Associate Analytics   Job Role

Introduction to Analytics (Associate Analytics – I)
Big Data Analytics (Associate Analytics – II)
Predictive Analytics (Associate Analytics – III)

Subjects in Security Analyst   Job Role

Information Security Management (Security Analyst – I)
Information Security Assessments & Audits (Security Analyst – II)
Information Security Incident Response & Management (Security Analyst – III)

This will help the students and trained teachers to get the course material at one place freely to prepare for the exams. The content in the modules includes the syllabus material, practical & lab activities and assignment questions with detailed and simple manner to give better idea and vision on the course. The students and teachers are advised and expected to avail this opportunity for their professional training.

Hence all the Principals of affiliated colleges are requested to give wide publicity coming the students and faculty to make use of the above portal facility by way of displaying this circular in the Notice Board and also send a circular to the respective class rooms.
