CIRCULAR

It is observed that in many of the colleges there is large deviation between the faculty on rolls and Biometric attendance. It amounts to either they are not attending the College (or) not giving their Biometric thumb (or) left the Institution itself. This indicates that the respective Colleges are not maintaining the minimum number of required faculty as per norms. If the same situation continues, the University is forced to take corrective steps. Hence all the College Managements are advised to take it seriously and improve the faculty Biometric Attendance position at the earliest.
